FYI – this was response from last week.

Justin has not attended any of the meetings. We have gone well and beyond to respond to accommodate requests.

Subject: RE: 56 Days to Comment on Willamette River Superfund Plan -

Justin,

6:30

Thank you for returning my call. Based our discussion, the very rough estimate of Russian and Arabic speakers may be 10 for each language, and rough estimate for Spanish may be 20-30. This was helpful to know as we are in the process of securing interpreters today. We had widely advertised that EPA would need to know two weeks in advanced of the meeting if interpreters were needed in order to coordinate with the Office of Environmental Justice. Because we are only days away from the meeting, staff are pushing to make this work but please understand that our Office is under a serious crunch to make it happen in such a short timeframe.

Based on our discussion, PHCC and networks, intend to attend from 6-8pm. Your assistance is needed. Provided below is the meeting format discussed and interpretation services that we are working to secure. Please relay this information back to those who plan to attend at 6pm. This may help familiarize attendees with what to expect prior to arriving so they will be prepared. We hope this will help facilitate enhanced participation during the meeting.

Meeting format (Presentation and Oral comments will be held in the Ballroom)

6pm EPA Presentation of the Proposed Plan (Interpreters – Spanish, Russian, Arabic)

6:45 Oral comments on the Proposed Plan (2 minutes per person)

Clarifying questions and answers

Upon arrival at the Ambridge Center please visit the sign-in table. Representatives will provide speaker comment cards for those who want to provide oral comments. The cards are

numbered and will be called in chronological order. An EPA Public Hearing Officer will preside over the meeting and a court reporter will record a transcript of the comments given

(Interpreters – Spanish, Russian, Arabic)

by speakers. The EPA Hearing officer will provide instructions for making a comment (interpretation of the instructions will be provided as the hearing

officer is speaking). After the instructions, numbers will be called. Wait for number to be called/written on board, come to the front of the room, sit down at the table, raise hand to

signal the court reporter to start typing or audio recording comment, complete comment within 2 minute timeframe. A countdown clock will be on the table to help people gauge

their time. **For those who speak languages other than English, the court reporter will use digital recorders (that will capture audio files) to record comments given by

speakers. After the meeting, the audio files will be translated to English, transcribed and included as part of EPA's legal official public record and responsiveness summary. The

responsiveness summary, which will include all comments received (both oral and written comments), will be publically available when the Record of Decision is issued.

As discussed comments spoken in English will be interpreted during the oral comment session, however for accuracy purposes, comments provided in languages other than English will be recorded rather than interpreted real time.

8pm End of meeting

In addition to the Comment room with Audience there will be a private comment room for those who may not be comfortable expressing their comment before a large audience. At all 4 of EPA's public meetings, both an Audience and Private comment room have been offered. In addition to the oral comments, a space for providing hand written comments or electronic submit comments directly to our email site. Fact Sheets and Glossary of Terms will also be available.

Justin, thank you for your assistance in this effort and we look to see you Wednesday. If you should have any questions feel free to call me (b) (6)

Subject: Countdown: 56 Days to Comment on Willamette River Superfund Plan

Click to view this email in a browser

Countdown: 56 days!

Make your voice heard. Submit your comment on EPA's Willamette River Superfund cleanup!

Comments are due by September 6th, 2016.

Portland Community Harbor Coalition members and supporters:

We know that the \$750 million cleanup plan does not address our needs or concerns around a healthy river so our children and future generations can eat what they fish from the river. It does not create adequate green job opportunities for those that have been impacted, and fails to hold polluters adequately accountable.

To make the needed changes to the EPA plan, PHCC is organizing and elevating the voices of marginalized and impacted communities. Make your voice heard for the changes we need and the healthy river we deserve!

New Organizers:

PHCC was able to hire 3 new organizers to support our mobilization efforts around the comment period and to support our long-term goals to ensure green jobs and training for impacted community members. Welcome Justin Buri, Rahsaan Muhammad and Mary Ann Warmer!

Take Action and Submit Comments to the EPA!

Upcoming Events:

July 20th -EPA Comment Forum

Ambridge Event Center -1333 NE MLK Blvd.

6-8 pm

July 31st -Right 2 Survive Environmental Justice Graffiti Contest and PHCC party!

SEIU - 3536 SE 26th Ave

July 31st
- Portland
Harbor
Citizens
Advisory
Group
(CAG):

Option 1 - Electronic Comments:

Visit, post and share www.cleanupportlandharbor.org to submit comments directly. We have standard comment language, and you can add your own comments, photos, letters. etc.

Willamette

River Festival

12-7 pm in Cathedral Park, St. Johns

Option 2 - Oral Comments at the EPA Forum:

We are mobilizing for the EPA Public Forum for comments on Wednesday, July 20th 6-8pm. The Forum will be held at the Ambridge Center, 1333 NE Martin Luther King Blvd.

Bring out your friends, family and Community. We need to make a big showing to keep the pressure on!

Option 3 - Written Comments on our PHCC Comment Cards:

Contact one of our organizers, Justin, Rahsaan or Mary Ann, for printed comment cards. Bring them to the next community event, and share them with your friends and family. You can return the comment cards to one of us. We need them to craft the larger PHCC comment letter that we will submit at the end of August. You can also download and print the PHCC comment card here:

PHCC - Superfund Comment Card

If you need some help with crafting your message, check out our PHCC talking points here:

PHCC - Superfund Testimony Talking Points Remember: anyone can make more than one comment and they will all be counted. Thanks, Rashaan -(b) (6) Mary Ann - (b) (6) Justin -(b) (6) and PHCC Advisors Erin Goodling and Cassie Cohen
